Terms and Conditions

Hearts For Love is a spiritual arts wholesaler that owns over 98% of all its printed copyrights. We are unique amongst wholesalers in that we keep our costs down by very little advertising and trade shows. Please compare our prices to other suppliers to confirm we are ultra competitive. Most of our product lines are unique in their class and design. We only sell to businesses licensed for resale. We deeply appreciate your business and want to do all we can to ensure your satisfaction with our products and services. Your business helps us to develop artwork that can continue to beautify our spiritual world. Please take a few moments to review our terms and conditions.

Minimum Order: \$75.00

Prices: Due to inflation and depreciation of the U.S. Dollar, all prices are subject to change without notice.

Shipping: You pay only actual shipping costs and no handling fees. We ship virtually every order via USPS Priority Mail, unless oversized or special shipping is required. Orders usually ship within two working days.

International Shipments: Printed material is usually duty free with Customs. To date we have not had clients pay duties to most countries. Other items may require duty fees and if so we are not responsible for them. Minimum international order is **\$150**.

Credit Cards: We accept Visa and MasterCard. We retain credit card information unless requested not to do so. Cards are not charged until the order is filled.

Terms: We believe HeartsForLove.com has the best, most competitive prices for this genre of product. Our prices are a full 20% less than many of our competitors. We have lost much profit from late or non-payments. In this economy too many stores are delaying payments or failing. We don't believe in passing on this expense to our good paying customers. Thus, no credit is given until a customer has ordered over \$500 in products. If you wish to receive 30 day terms, please contact us so that we can review your payment history. If you are approved, we will need to retain your credit card information. If we do not receive a payment for an order within 45 days of the date of the order, we will charge

your credit card at that time, in order to protect ourselves from future losses.

Checks: We accept checks from all of our clients, however, unless the client has terms, we will wait until the check clears in our bank account before we ship the order. We do not accept post-dated checks. NSF checks with insufficient funds will incur service fees and possibly cancel our doing business. In the event of hiring a collection agency all legal and attorney costs will be incurred by debtor.

Return Policy: We gladly exchange any items shipped because of our error, and any goods which arrive to you damaged. Please unpack and inspect your order immediately upon delivery. All damages or shortages must be reported to us within five working days of arrival. Our items, being printed matter, are seldom damaged.

Customer Satisfaction: If you are not satisfied with our products, please call us to discuss a possible exchange. Shop worn items (including items with bar codes or price tags on them) can not be returned, nor any credit given for them. Wallet Altars are not accepted for return. We must charge a 15% restocking fee on approved returns.

GREETING CARDS **\$1.50 each or \$1.40 each on orders of 100+**

These eco-friendly 5" x 7" full gloss Greeting Cards are made in the USA and are printed on recycled cardstock with soy ink. The back of each card features a description of the saint, Deity, or spiritual symbol, along with inspirational quotes. The inside features "watermarked" artwork of the same saint or Deity, while still allowing the customer to write over it. Each greeting card includes a cloud design envelope (see image on the right).

The Greeting Cards can also be used as frameable pictures, so your customers get both a card to write in and an art picture for the wall or desk.

Here's an idea! Some clients also frame them in golden frames purchased from the dollar store and sell them as 5" x 7" framed pictures.

Each Greeting Card comes with a Cloud Design Envelope

STICKERS \$1.50 each

All cut-out adhesive-backed plastic stickers are artistically shaped to the featured subject or spiritual symbol. Most stickers include multiple cut-out stickers on the same 4" x 6" backing. Printed in full color, these multiple stickers maximize the usable space, and therefore provide great value to retail stores and customers alike.

Stickers adhere to almost any clean surface and arrive in diamond-clear plastic bags, each with a hole in the top for easy hanging on a display rack or hook.

STATIC CLING STICKERS \$1.50 each

These Static Cling Stickers come on a thin 4"x6" or 5"x7" card. They have a hole in the top for hook display or you may stand them in a small box. They "cling" to metal, glass, plastic bottles, refrigerators, car windows, etc. They use **NO GLUE!** and can easily be **moved from surface to surface without leaving a mess.** As we have over 150 designs, and more on the way, our selection appeals to a wide range of customer tastes. With our own original artwork and no middlemen, **we've reduced costs to sell the most affordable high quality static clings on the market.**

In order to give you even more value from our products, recently we've started transitioning from the prior 4"x6" size to a larger 5"x7" static cling sticker size. Some of the 4"x6" stickers do not include all of the additional smaller images which are shown with each item here, but still do feature the central image of each design. Until our 4"x6" static cling stickers run out you may receive some of each size, all for the same bargain price of \$1.50 each.

NOTE: The background of every static cling sticker is transparent. There is no white background to any static cling sticker, only transparent or color. Each of the 5"x7" static cling stickers has a unique barcode on it.

SPIRITUAL WALLET ALTAR CARDS \$1 each

Our wallet cards are durable and scratch resistant! They're the same size as your credit card and just as tough because we use the same plastic and printing technology. Wallet Cards do not crinkle, peel, or fade in the sun like a laminated card or photo; so they're excellent for the car dash, in the wallet, or at the computer. This advantage is why we stopped selling laminated photos and switched to the more durable, color rich, plastic wallet cards.

Each image is described in a detailed four-color 200 word explanation printed on the back for the benefit of your customers and this saves you being asked "who is this" questions!

To date we know of no other supplier with this kind of high end, detailed, durable product. With over 250 different wallet cards to excite your customers, and more being added to our website regularly, almost every beloved philosophy is available. Always visit our website for the newest designs and complete selection of wallet altars.

FRIDGE MAGNETS - \$1.50 each - each wallet card can be ordered as a fridge magnet, with a strong rare earth magnet on the back that leaves most of the description visible to read. To order fridge magnets, simply replace the letters "WA" in the wallet altar item code numbers with the letter "M", for instance, write "M-140 Angel" or "M-35 Buddha" instead of "WA-140 Angel" or "WA-35 Buddha".

HANG TAGS - 10¢ ea.

Boost the value and interest in our popular wallet altar cards by turning them into **Hanging Wall Pictures!**

Our specially designed transparent **Hang Tags** are made to fit the width of the wallet cards, so there is no effort in centering them and then hanging each picture on a thumb tack.

You can sell them separately for **50¢** each or apply them and charge **50¢** extra for the wall picture. There is no other product on the market that comes close to this concept, and in this economy items that retail under **\$4.00** are having the best turnover.

A few on the wall make for a great display.

LUGGAGE TAGS \$1.50 each

Luggage Tags are made of strong glossy plastic in the same dimensions (2.1" x 3.4") and thickness as a credit card. Each luggage tag comes with a strong silicon tie loop attached to it. The special plastic finish on the back of the tags can be inscribed by a ball point or felt-tip pen; there is ample room for name, address, phone number and email.

Every shop sells fridge magnets; why don't more of them sell luggage tags? A normal household has just one refrigerator but lots of suitcases, purses, backpacks and bags! (No wonder they sell so well!)

SPIRITUAL ART PHOTOGRAPHS

Hearts For Love is the world's largest supplier to new age stores of photographic quality images. Professionally developed on Fuji Crystal Archive photo paper, our images have far superior vibrant colors compared to prints from ink. Each is packed in a protective diamond clear bag with a 400-word descriptive essay. The essay is educational and deepens the potential buyer's interest.

Ready to Frame photographs are available in 8"x10", 11"x14" and 16"x20" sizes. See the *Photo Display Books on page 27* for convenient, compact displaying of photos.

Matted (M) photos are available in sizes 8"x10" and 11"x14".

Ready to Hang (R) photos are available in 8"x10", 11"x14" and 16"x20". These photographs come adhered to a stiff supportive backing, with a hang tag to hang them on your shop's or a customer's wall.

To order Matted or Ready to Hang photos, place an "M" or an "R" before each item code number, for instance, write M8-94 Buddha or R8-94 Buddha (for photos sized 8" x 10"), instead of 8-94 Buddha.

5" x 7" Prints on Plastic are also available for some of the images. These very thick, durable plastic cards have rounded corners and can be framed or kept unframed. To order 5" x 7" cards as Ready to Hang (R) with an affixed plastic hang tag on the back, write, for instance: R5-41 Buddha instead of 5-41 Buddha.

HAND PAINTED OIL PAINTINGS

All oil paintings are painted by hand, come in the stated size, and are usually in stock. Please check availability and current prices by phone, fax, or email before ordering. They are generally painted on durable vinyl canvas that can be stretched without distortion or glued to a foam core backing. Every painting is unique but always very similar to the original. A two painting minimum order is required. Our sizes are based on the most common picture frame sizes available at discount frame stores. As all of our oil paintings are painted by a close friend whom Nick has known for many years, we can also accept commissions of your favorite subject. Please inquire.

GICLÉE PRINTS ON CANVAS: Made to look just like Oil Paintings **\$58 each**

All texturized Giclée prints on white vinyl canvas are suitable for framing or to attach onto the wall. These large items light up your store as a centerpiece and are often hung high above the shelving to look down on the store. They are laminated in a texturized finish to prevent color fade. We went through quite a few printers who promised us non-fade inks before we found one that lived up to our standards.

Minimum order of 2. **All Giclées are 20" x 30" unless noted, plus a 3" white border.**

3" NATURAL STONE HAND-CARVED HEARTS Lot of four: \$24 SH-01

Our Stone Hearts are smooth, polished, have a rounded shape, and measure 3.25 inches wide by about 1.5 inches thick.

With only 2,000 stone hearts left, we are offering them at a discounted price. We won't be restocking them as the replacement cost is now higher than the closeout price. We are selling them in lots of 4 for \$24.

Lots include: four 3.25" stone hearts (1 green serpentine, 1 travertine, and 2 more randomly selected hearts), four tie-string golden cloth bags, four heart shaped fold-out cards, and at least two heart shaped boxes.

Though heavy, shipping for these stone hearts is yet economical, as they comfortably fit into the USPS priority mail flat rate boxes (up to 70 lbs.).

6" HALF-SECTION TRAVERTINE STONE HEARTS \$12 each SH-02

6" Half-Section Travertine Stone Hearts are available. These hearts are rounded and polished on the front, with an upwards-slanting hole in the flat back for earthquake-safer hanging. Color and texture of these travertine hearts will vary.

24KT GOLD-PLATED FIGURINES

We believe these sacred 24 Karat Gold-plated pewter figurines are the best quality on the market. Gold does not tarnish like brass. They come with a variety of hand polished marble or green serpentine bases (the base may vary from what is pictured). These prices are exceptional bargain closeouts from an old project. We plated them when the gold price was \$280 an ounce not \$1450+, so you are paying less than the actual 24 karat gold plating cost.

8 x 10 Art Cards

\$1.00

ONLY

8 x 10 back to back High Resolution Art Cards.

At "wowsers" only a dollar each!

Priced to fly out your door!!!

No other company we know of, has such a great deal using high quality images printed on thick postcard stock that will stand rigid on your display shelf.

We decided to try printing them back to back as the customer can have a choice on which one to use.

Some retailers frame these cards from the 99 cent store to make them really stand out with an even

better premium.

Compare this price to other artwork you have bought in the past and you may realize it didn't sell that well on account of cost.

These are selling well because it is not often beauty and low cost come together so well.

At heartsforlove.com we really want to spread inspiring products to the world and we do this by having the lowest costs.

All printed in the USA as usual.

amazing how many customers who would never
usually enter the store come in and buy 3 or 4 at

selling so many.
